Through Our Eyes

TMAG – Bond Store
Tue 6 Aug – Sun 1 Sep
10am-4pm, closed Mondays

The exhibition Through Our Eyes brings the southernmost continent, commonly understood as far away and isolated, closer to a large audience through an imaginative multi-media installation focussed on women and their personal and professional relationship with Antarctica. This event shines the light on the unique perspectives and contributions offered by women who work in Antarctica and the Antarctic and Southern Ocean sector. Through our Eyes invites the audience to experience women's Antarctic landscapes in a way that simply says 'A Woman's Place is in Antarctica'.

Antarctic Dataspheres

Salamanca Arts Centre
Sidespace Gallery
Thu 22 Aug - Sun 25 Aug &
Tue 27 Aug - Sun 1 Sep. 10am-4pm

Antarctic DataSpheres is an exhibition exploring data, sound and vision captured on the last voyage of the Aurora Australis to Antarctica. The artwork will fill the gallery with data driven visuals surrounded by immersive spatialised sound. Antarctic DataSpheres will be presented at Salamanca Arts Centre in Hobart as an invited exhibition at the 2024 Australian Antarctic Festival.

Penguin Rookery

MAC 02
Thu 22-Fri 25 Aug, 9.30am-2pm
Sat 26-Sun 27 Aug, 10am-4pm

Come visit the Penguin Rookeries located in Hunter Street, the Mac 2 TasPorts Cruise Terminal. Over 185 schools are sent 50 Adélie penguins each to paint and return to the festival. Come and see the results of the extraordinary colour and creativity of the 'Penguin Rookeries' displays. We are hoping to receive more than 10,000 hand-painted Adélie penguin cut-outs by Australian school children. This year we have sent penguins to gateway cities of Antarctica. Try and find the penguins from Punta Arenas, Ushuaia and Christchurch.

Antarctica and the Southern Ocean

Salamanca Arts Centre, Long Gallery
Thu 22 Aug – Sun 1 Sep
10am-4pm

Antarctica and the Southern Ocean is an art exhibition celebrating the important connection of the icy continent to Hobart. Since the early days of Antarctic exploration the big red ships have departed from Hobart tackling the mighty seas of the Southern Ocean for their journeys of scientific research.

Presented by The Art Society of Tasmania which is devoted to encouraging and fostering both the emerging as well as the more established artist.
